ARISE AFRICA CHILDREN'S CENTER REPORT- MAY, 2022

“And so I am surꝑ confident that God, who began this good work in you, will carry it on until it is finished on the Day of Christ Jesus.” Philippians 1:6

Grace and peace to you from God our Father and from the Lord Jesus Christ! We bless the name of the LORD for yet another opportunity to share with you the LORD's undying love towards our Arise Africa Children's center. To all our friends and partners who have loved, supported us through prayer, giving, encouragement and all other means, may the blessings of the LORD be yours in full measure!

ARISE AFRICA CHILDREN'S CENTER-BUKALEBA

RECAP:

Arise Africa Children's center is comprised of a Babies home, Nursery, Primary and Secondary schools. Our goal for the children's center is to see each of our children grow into a health child, develop a personal relationship with our Lord Jesus Christ, excel morally, academically and become a holistic citizen who will positively contribute towards building of the kingdom of our heavenly Father, our country Uganda and the rest of the world.

Arise Africa Babies' Home-Bukaleba

Thank you so much for your prayers, love, financial support and His abundant provision towards His work in our Babies Home that enables us to provide love, care, safe shelter, food, medication, and education, social, spiritual and physical needs of our 64 (sixty four) vulnerable children of which 20 (twenty) are staying at babies home while the 44 (forty four) were reintegrated back to their close relatives/guardians. We continue to ask for your prayers that our children will grow into knowing, loving and serving God in Uganda and the rest of the World.

Mukulu Jase Jonathan

For the month of May, we present to you Jonathan Mukulu who is 10 years old with a weight of 28kg. Jonathan joined our babies' home in 2012 as a two weeks old baby following the loss of his mother on 12th /10/2012. His father was helpless and

had no where to take the baby so he was helped by the probation office in Mayuge district to bring the child to Arise Africa Babies Home. **(Photos of Jonah)**

Jonah is in primary two at Arise Africa primary school. He is very intelligent and active at school.

He also likes playing football and building blocks. His best friend is baby Enock. It is such a wonderful joy to watch him grow into a God-fearing boy. We prayerfully invite you to be a blessing to Jonah's life through praying and also giving towards his monthly budget of \$35 that will be spent on his education and child care while he is at Babies home.

Academics:

All our kids attend school apart from the 5 little ones who are still undergoing home schooling program. However we hope that next year three will start school too, we are glad that our kids are doing well at school. **Photos: Caleb, Natalia, Tonny, Elise,**

Children's welfare:

By the LORD's mercies, our children are in good health and enjoy participating in house activities and playing.

Special cases

a) Sickle Case

One of our girls Faima Namaganda was born with sickle cells. The Lord has been faithful to preserve her life. She is 16 years old and doing well. She is healthy and strong. We are grateful to God for always providing **\$22** every month to buy her medicines.

a) ART Clinic

We have three children under ART clinic. We are thankful that they are receiving their medicines on time as we pray to God for total healing upon their lives. Every month they are taken to the doctor for routine checkup.

Kabulu Moses is one of the children in ART clinic but he was resettled back to his guardian's home. He requests that we kindly consider providing him with food monthly in order to help him improve on his health. His monthly food budget is **\$20**.

Babies' home Sustainability projects

(i) Cows

We are still enjoying daily fresh milk from our cow.

(i i) Farming

We give thanks to God for the abundant rains that are watering our gardens. We hope for better yields that our babies' home shall have enough food to eat. We are planting more vegetables and other crops as the LORD provides.

Resettled children

On 5th April 2022, we managed to take back one of our girls Christine to her guardian's home so she can live together with her family. It was a great joy to us.

ARISE AFRICA CHRISTIAN SCHOOLS

By God's grace, the schools opened on 9th May 2022 for academic term two.

ARISE AFRICA CHRISTIAN PRIMARY AND NURSERY SCHOOL

Our primary school is comprised of both the deaf and hearing children who are studying together in harmony. All children and teachers are being taught sign

language to ensure effective communication and learning at school. We can gladly say that there is steady improvement in signing, writing and reading amongst all learners.

SPORTS

The Deaf pupils like sports very much i.e. football, netball and others. Therefore this has also increased their interest of staying in school.

We are praying for financial support so we can buy more soccer balls, net balls and sportswear for our school teams. ***(Photo: part of the primary school deaf children football team)***

AAI SECONDARY SCHOOL

Term two is progressing well, thank God! Only 80 students managed to turn up for school. We tried communicating with their parents but they said they are not doing well financially to send their children back to school.

We successfully completed registering twenty two candidates both in Senior four and senior six. We are focusing on effectively teaching them in preparation for their Uganda national Exams towards the end of the year.

We are prayerfully inviting you to be a part of our Children's center through;

i) Praying

ii) Giving towards the following;
